- Support the creation, the review and the maintenance of the Sales Process and you document them
- Define, request and test new functionalities in Sales Process and in the cash system
- Follow up on requests for new functionalities
- Support Sales team projects and test them
- Support Fiber and Mobile projects and test them
- Support the enforcement of Sales Process across all sales channels
- Deputy of the Sales Process Manager and of the Sales Process Trainee

What you bring

- Logic, troubleshooting and support skills
- Rigorous to document and maintain documentation on processes
- Out of the box thinking when it comes to process and to efficiency
- Testing skills
- Good communication skills
- Project support skills
- Work autonomously
- Be a supportive team member
- Fluent in French and English, if you speak German too then it is a real asset
- At ease with people, you are not afraid to work with other teams or support the Salt Stores Staff

What we offer

- An exciting and dynamic environment with a unique start-up corporate culture where proactivity and personal commitment are highly valued
- Be part of a positive minded and friendly team
- A fast paced and multicultural work environment
- Diverse and several fringe benefits

Have we sparked your interest? Have you always dreamed of having a job in a diverse and refreshing environment? Then we really need to meet! Please apply to us online (we only consider online applications).
